Phil,

Welcome. Thank you for taking the time to talk to our group on the morning of May 17th.

I will make the adjustment to the program. Please let me know how you would like it to read.

You will have 30 minutes beginning at 10:30am to discuss the status of the pesticide BE's, BO's; wherever we happen to be in the process.

Heather is the meeting coordinator for the AMCA, she can load your presentation ahead of time if you send it to [amca@mosquito.org](mailto:amca@mosquito.org) with the subject line "Washington Day speaker".

Please let me know if you have any questions.

Hi Heather and Angela,

Phil Villanueva, a branch chief in EFED, is going to provide the ESA update at the upcoming AMCA meeting. I'm about to start a detail in another Division in the Pesticides Program and Phil has taken over as the ESA management lead – he will do a great job!

Thanks,

Anita
